DESCRIBING LARYNGEAL AND PHARYNGEAL ANOMALIES FOR THE SPEECH PATHOLOGIST-ENDOSCOPIST

COURSE OVERVIEW

This live webinar provides the learner with examples and practice of describing the physical qualities and locations of various laryngeal and pharyngeal anomalies that can be encountered by a competent Speech Pathologist-Endoscopist during FEES and Videostroboscopy. The learner will practice writing descriptions in an articulate manner, using medical language, while staying within the scope of Speech-Language Pathology.

LEARNER OUTCOMES

Upon completion of the webinar, the learner will be able to:

- Visually identify laryngeal and pharyngeal anomalies as seen through a Flexible Endoscopic Evaluation of Swallowing or Videostroboscopy.
- Use appropriate terminology to describe laryngeal and pharyngeal anomalies while staying within the scope of Speech-Language Pathology.
- Identify the characteristics and causes of laryngeal/pharyngeal anomalies.
